## ABOUT LISA HING, FOUNDER & CEO OF BLUSH DETROIT

As the coordinator and creative mind for all Blush Detroit events, I will show as much passion and devotion to each client as if it were my own wedding day. I want nothing more than to see you smile because we made your dream day possible.

I find joy in creating moments to honor family, friendship and spread laughter. I'm extremely passionate about creating beautiful designs, organized spaces and spending quality time with the people I love. My fiancé helped me remember my aspirations and will forever support me in reaching them. I would like to help others by doing the same.
